Evidence of program effectiveness:	Based on studies at 5 schools involving over 1,000 students, E2020 was proven effective in improving student achievement as measured by course completion and mastery of state academic standards. The studies also found that participating students have improved graduation rates. In Michigan, students employing our system for credit recovery "continuously provided nearly 100% recovery results" per the Warren Consolidated Schools *Final Virtual Learning Report-Pilot Year 1* released August, 2003. In New Mexico, students instructed exclusively through our program at the Southwest Secondary Learning Center attained the highest overall test scores within the Albuquerque Public Schools District on the 2002 Terra Nova—New Mexico's state standardized test.
Specifics of reporting to district, parents, and teacher(s) (format, frequency, method of communication):	Schools, districts, parents and the participating student may access real-time progress reporting and results 24/7 via the Internet reporting link. Languages supported are: Spanish, French, German, Italian, Portuguese, Russian, Japanese, Korean, Simplified Chinese and Traditional Chinese.
Description of services available to diverse populations (i.e., special needs, specific languages):	The E2020 Virtual Classroom serves as one-on-one instruction which moves at the pace of the student. Diverse populations are uniquely served as all homework, evaluations and other activities reinforce student understanding with comprehension measured and assured through testing delivered for each class segment. The E2020 Virtual Classroom is proven effective in meeting the needs of and increasing performance levels of low-income, Title I, At-Risk, Minority, Migrant, Limited English proficiency (Spanish), Special Education, General and Advanced students in grades 7 – 12.
